

HeatWave Technology

HeatWave™ Technology

What is HeatWave™ Technology?

Feel the deep penetrating Far Infrared heat to transport your mind and body into a blissful state, restoring your body from the inside out. Using HeatWave Technology helps us feel more relaxed, get better sleep, and react to stress in a calmer way throughout our day.

Benefits of HeatWave™ Technology

- a ray of sunshine, this innovative technology produces invisible Far Infrared light as that deliver healing warmth up to three inches deep into body tissue where it is

most effective, helping to reduce inflammation, relieve joint pain, alleviate muscle tension, improve circulation, and speed cellular recovery. The gentle heat produced in Far Infrared heat therapy can also support the treatment of injuries and positively affect blood circulation. It's like absorbing the very best of the sun without harmful Ultraviolet light waves.

HeatWave™ Technology May Help To:

- Promote overall mind & body wellness
- Provide pain relief
- Enhance relaxation
- Improve circulation, alleviating edema
- Lesson Insomnia
- Reduce anxiety
- Stimulate cellular recovery
